

## **Declarations for the Month of Tamuz**

Declare that the glory of God will radiate from your eyes this month. Declare that you will be on guard so the devil will not put out the light in your eyes.

Declare every shell will break off you and you will become vulnerable to the Lord. Declare that you will become soft and pliable in His hands and you will enter into your next level of growth.

Declare that you will guard your heart and your eyes, and you will not get thrown off course like Rueben did. Declare that you will cross over!

Declare that you will review your life, looking at the choices you have made, as well as looking ahead. Declare that you will make necessary adjustments to stay in line with God's plan!

Declare that you will not develop a golden calf by looking to anything other than God. Declare that you

will only look to God and worship Him in spirit and in truth!

Declare that you will watch your mouth and confess the best the Lord has for you! Declare that you will agree with His call on your life and speak forth your destiny this month. Declare that you will like who you are in the Lord and you will not speak an evil report over yourself.

Declare that you are going to accelerate forward and become all that God has created you to be and do! Declare that God will give you a new level of discipline this month to stay on course for your race. (Phil 3:13, 14) Declare that you will fulfill His wonderful plan for your life!
